Payment by check, made payable to Iodolab, should be included in the envelope.

Results Delivery Timeframe

Results will be sent by email 15 business days after receipt of the package.
 Results will be sent by email (please complete the form above).

Collection Protocol :

- Cut or trim the hair close to the skin, preferably in a clean area such as the rib cage.
- Shorten the hair to 2 cm in length, keeping only the part closest to the skin.
- Mix all the collected hairs and place 5 to 10 g (approximately a handful – 2 to 3 g for dogs and cats) in a container.
- The iMetal checkup analysis can be performed on an EDTA blood sample: a minimum of 1 ml of blood in an EDTA tube.
- Complete a purchase order for each sample and send it in a sealed freezer bag, then place the bag inside a padded envelope.
- If multiple order forms are required, send a single check for all items.
- Laboratory address : **Laboratoire IODOLAB 3 Rte des pierres blanches, 69290 Grézieu la Varenne**

Analysis Agreement and Privacy Policy :

By signing, I agree that Iodolab laboratory may perform the requested analysis, which I will send by mail at my expense.
 By signing, I consent to Iodolab storing the information written on this order form according to the terms described on the back of this page.
 An invoice for the analysis performed will be sent to me.

For any inquiries, please contact our team by email at contact@iodolab.com or by phone at +33(0)6 60 96 01 41
